Medicare Reimbursement

Part B reimbursement is due April 12,2024 for direct deposits. Paper checks will be mailed April 15,2024

Medical Update

We won the last court battle. Therefore, everything remains the same. You have the same coverage you always had in the past. We still have to fight again because Mayor Adams is still appealing the court decisions. We will keep you informed of any changes. Please continue to give to the Public Service Retirees.

CRA Pickle Ball

A group of our members started a Pickleball social group. We have played several times already. We try to play at least twice a month. Currently we have 10 players of all different skill levels, and play a stressless non-competitive game, complete with typical firehouse banter and humor. All skill levels are welcomed . If interested please contact Bob Gus 910-368-9744

Strung-out junkies

Are turning the area near an East Harlem firehouse into a nightmarish playground, where they use the space between firefighters' parked cars as private stalls for pooping and shooting up.

The addicts "break into the cars, they defecate on them, they leave trash . . . You see needles everywhere, all over the ground, all the time," Battalion Chief Edward Burgess told The Post outside of Engine 35, Ladder 14 firehouse on Third Avenue near East 124th Street.

"These people are so far gone in their addiction that it's hard not to feel bad for them, but you feel that rage when they've defecated on your car, like what happened to mine last week," the chief griped.

A little Humor
